

COURSES FOR EDUCATORS AT AU HEALTH FALL 2017

SENIOR TOP GEEK WEEK 2017 – EDU-IT WORKSHOPS

Edu-IT workshops on the use of IT tools in teaching, e.g. PowerPoint, Excel, Mentimeter, Padlet, Video, and Video conference. The workshops are held as separate modules.

Time: November 20 - 25, 2017
Course leader: Mads Ronald Dahl

FEEDBACK TIL STUDERENDE VED HJÆLP AF KLYNGEVEJLEDNING OG RUBRICS

Deltagerne får konkrete værktøjer til at give studerende feedback ved hjælp af peer-feedback. Kurset giver deltagerne indblik i muligheder og begrænsninger i brugen af klyngevejledning og 'rubrics' som værktøjer.

Tidspunkt: 24. oktober 2017 kl. 8.30 – 12.00
Eller 11. januar 2018 kl. 8.30 – 12.00
Kursusleder: Mette Krogh Christensen

INTRODUCTION TO TEACHING AND LEARNING (InTeL)

This online course gives a broad introduction to teaching and learning, including key concepts and methods, which help educators improve the quality of their teaching. Those key concepts and methods include aspects such as alignment, active learning, learning outcomes, educational IT, examination and evaluation.

Time: October 4 – 11 or November 6 – 13, 2017
Course leader: Jens Laurs Kærsgaard

ACTIVATING TEACHING

Active learning has to do with students doing something and reflecting upon what they did. We will work with the alignment between learning objectives, activities, and assessment, and discuss the tools that can be used.

Time: November 9, 2017 at 14:00 – 16:00
Course leader: Peter Musaeus

BLACKBOARD BASISKURSUS

Kurset er et basiskursus, hvor du introduceres til Blackboard. Det er kursets formål gennem oplæg og hand-on-øvelser at give dig overblik over systemet og dets principper.

Tidspunkt: 26. september 2017 kl. 9.00 – 11.00
Kursusleder: Janne Saltoft Hansen

ASSESSMENT – MULTIPLE CHOICE E-LEARNING COURSE

Content: Multiple choice Item types, One-best-answer (OBA) items, general recommendations and OBA rules, technical flaws, quality assurance, item analysis. A self-study e-learning course of 2-5 hours.

Time: Starts October 24, 2017
Course leader: Mads Ronald Dahl

CASE-BASED LEARNING

An introduction to case-based teaching and how to use discussion-based methods in teaching.

Time: September 27, 2017 at 14:00 – 16:00
Course leader: Peter Musaeus

TEAM-BASED LEARNING

This workshop introduces Team-based Learning (TBL). TBL is a learner-centered, instructor-directed strategy for small-group active learning in large group educational settings.

Time: October 11, 2017 at 8:30 – 12:00
Or November 22, 2017 at 8:30 – 12:00
Course leader: Mette Krogh Christensen

TAILORED COURSES

All courses can be scheduled and tailored for a group of educators based on the group's needs.
