

Student Response System (SRS)- Mentimeter

Activating teaching with the use of SRS has been proved effective for the development and rethinking of teaching. The purpose of educational IT is to find good technologies for the modern teaching room. With Mentimeter you have the chance to activate the students through lectures or classes and to engage everyone instead of only a few. Mentimeter is a great user-friendly and real time adaption tool for both students and the teacher.

To be able to use Mentimeter you will need:

1. A computer or tablet with internet connection
2. 10 – 15 minutes to get started
3. Your AUID number: (<http://www.au.dk/om/organisation/navnlist>)
 - a. Search for your name
 - b. AUID is shown to the left

Searcher efter "mads ronald dahl"

AUID	NAVN	TITEL	TELEFON	MOBIL	AFDELING	EMAIL
78626	Mads Ronald Dahl	MSc, PhD, MI, Akademisk medarbejder	8620 5223	6127 8942	HE Centre m.m. - Center for Sundhedsvidenskabelige Uddannelser	MD@cesu.au.dk

Find personer tilknyttet en enhed

Udfyld søgefeltet, eller fold enhedshierarkiet ud ved at trykke på **pilen** for at finde den ønskede enhed.

4. Register on the website: www.mentimeter.com/join/aarhus
5. Type in your AUID XXXX (only numbers)

XXXX

Enter your email address to join Aarhus University's Mentimeter subscription

Email has an invalid format

firstname lastname @uni.au.dk

Verify email

By clicking Verify Email you accept our terms of use

6. There will be sent an e-mail to your AU mailbox that you have to accept
7. Go to the website: <https://www.mentimeter.com/> and **Sign up**
8. Create a password
9. Try SHOW TOUR by tapping HELP (to the left)
10. Click on  and create as many questions and events that you want.

Introduce the system to a colleague and share questions with each other.

If you would like a further introduction to the tool and to learn more about Mentimeter in teaching you are welcome at one of our workshops in 2019. Find information at:
